ENCOURAGE THE FIREMEN.

It is less than two years since the Sonoma Volunteer Fire Company was organized, but notwithstanding that fact it is an well-drilled organization as can be found in any other town in the State. It is expected a few of the larger municipalities. The Sonoma firemen are all volunteers and receive no compensation whatever. They not only contribute valuable time to attend the regular meetings and monthly drills but have incidental expenses to meet which must come out of the individual pockets of the members. At least one-half the firemen have no property interests in the town. These have nothing to gain unless it be the good will and admiration of those whose property they have banded together to protect at the risk of life and limb. Twice since the Sonoma Volunteer Fire Company was organized has it come promptly to the rescue at the top of the alarm bell and saved thousands of dollars worth of property. That these volunteer firemen have proved a valuable acquisition to the town in reducing insurance rates, preventing disastrous conflagrations and saving property all will admit, but we doubt if their services are fully appreciated by a number of our well-to-do property-owners. The reason for this cannot be accounted for except upon the hypothesis that they have not given the matter sufficient thought. These we trust will now put on their thinking caps and think a big think to the end that our fire laddies may receive that encouragement which they have a right to expect. An effort is now making to uniform our firemen and in view of past services and services to be rendered in the future, we trust that for decency's sake the merchant, business man and property-owner of Sonoma will see to it that these uniforms are forthcoming.

THE FORTIFICATION OF SWEET WINES.

A dispatch from Washington received yesterday says the Senate Conference Committee has decided to retain the House clause of the Tariff Bill in relation to the fortification of sweet wine. Senator Allison says that Senator Hearst and Representative McKenna and Morrow had made strenuous efforts to have this retained, having appeared before the members of the Conference Committee and presented strong arguments in behalf of California wine-growers. Senator Aldrich said that inasmuch as he had pledged himself in a open session of the Senate, he could hardly go back on his word, and therefore the committee unanimously agreed to retain the original clause.

"An important decision of the Supreme Court recently rendered, changes the accepted rules in regard to the residence of electors," says the Republican. "It was generally believed that under the law, an elector could not lose his residence in one precinct in a county until he had gained another in the same county. For instance, if a man was an elector in Santa Rosa, and moved from that precinct to Healdsburg, within thirty days of election, he would have the right to vote in the precinct in which he formerly resided, because he would not have gained a residence in the new precinct. The recent decision holds that an elector must reside in a precinct thirty days before election, or he cannot vote. This decision was given in the case of Russell vs. McDonald, 83 Cal., page 80."

The State tax rate has been fixed by the State Board of Equalization as follows: General fund, .380; School, .202; Interest and Sinking, .010; Mendocino Insane Asylum, .015; State University, .010; total, .597.

Servant girls in England pay British soldiers from 75 cents to \$1, according to rank, to walk out with them on Sunday.

SANTA ROSA LETTER.

Politics-The Camerico-Minor Notes.

Politics has so engrossed my attention that I have had no time to devote to your valuable journal.

On the 13th inst. the Republican campaign was opened by the Hon. J. T. Fulweiler at the Atheneum. It was not a very enthusiastic meeting, but a meeting is always gauged by its orators and the above gentleman was evidently no orator.

The Democrats fired their first campaign gun Saturday evening of this week. Jas. H. Budd of Stockton and Henry Hogan of Napa were the principal orators. A genuine treat, however, is expected on the 23d inst., when the standard bearers of the Republican party, Markham and Reddick, speak.

The canneries have very nearly finished their pack this year. It has been enormously large. The grape pack is about all that remains to put up. The quality of this fruit is unsurpassed, yet yielding to mercenary motives, a portion of this fine fruit has been loaded with brands of other cities. It is very evident that the packers, who thus falsely brand their fruit, care nothing for the good name of the fruit they handle.

A man by the name of Farris, who was arrested at the Tupper House last Saturday night for defrauding your worthy townsmen, R. D. Moore, out of a board bill, appeared before Justice Brown Tuesday and, as he had shown an inclination for free board, was given the privilege to remain at the "Colgan House" for the next month. He remarked that it was not every man who could get seven weeks board free of charge.

A mild form of building boom has struck this place. Many old buildings are being remodeled and new ones built. This shows prosperous times. Especially noticeable among the new buildings are two new churches, Presbyterian and Congregational, the former when completed to cost \$18,000 and the latter \$6,000.

The State Association of the Congregational church meets in this city on the 30th inst., lasting five days, during which time the new church will be dedicated. The Conference of the Methodist Episcopal church, South, meets in this city October 8th, lasting one week. Santa Rosa seems to be favored with meetings this year.

We offer you a hearty shake of our hand and many congratulations on the valuable acquisition of a fruit dryer. Such an addition to the town will bring in much money to the place, as well as save a large amount which goes out. Foster and encourage this industry and it will return your efforts a hundred fold. More anon.

SLUG SEVEN.

Santa Rosa, Sept. 20, 1890.

Petaluma Whisky Ordinance.

The suit of the City of Petaluma vs. Poehlman & Zimmerman, bondsmen of Schiefel & Wohler, saloon keepers of that city, is still engaging the attention of the Superior Court of this county. The action is brought to recover \$1,000, the amount of the bond, which was given as a guarantee to obey the saloon ordinance passed by the Board of Trustees of Petaluma. The ordinance was violated by the offending saloon men, hence the suit. The case will be watched with a great deal of interest by the defendants, have filed a demurrer to the complaint, contending that the liquor license of Petaluma is illegal and void, inasmuch as it leaves too much arbitrary power in the hands of the Board of Trustees, that it is not a restrictive or police regulation, but merely a plan of raising revenue. The recent decision of Judge Sawyer of the United States Circuit Court is cited by the defendants in support of their position.

A Permanent Cure.

For years I was troubled with the most malignant type of Chronic Blood Trouble. After trying various other remedies, without getting any benefit, I was induced by Joe Schell, a barber, who has since moved to St. Louis, and who was cured by Swift's Specific of a Constitutional Blood trouble, to take S. S. S. A few bottles cured me permanently. I also consider S. S. S. the best tonic I ever saw. While taking it my weight increased and my health improved in every way. I have recommended S. S. S. to several friends, and in every case they were satisfied with the results. S. A. Wagner, Midway, Pa.

A Mass of Soros.

I am so grateful for the beneficial results obtained from using S. S. S. that I want to add my testimony to that already published, for the public good. I was a mass of sores before using, but am now entirely cured. C. McCarthy, St. Louis, Mo.

At Last!

The long expected illustrated History of Utah by the eminent historian, Herbert H. Bancroft, has at last appeared. It is absolutely a revelation. After visiting the field in person, taking testimony impartially from all sides, officially reviewing the enormous number of 1000 different authorities, and searching many of the secret archives of the Mormon church, Mr. Bancroft now gives to the world this wonderful and remarkable work, the only true history of Mormonism published.

The work reads like a romance—the wonderful adventure of trappers and travelers, the bloody Indian wars, the thrilling accounts of massacres and miraculous escapes, the famous Danite Association or Destroying Angels, the story of Brigham Young—all this fresh from the pen of the brilliant and gifted author—forms a narrative of exciting interest, as fascinating as a novel yet true to the letter. Above all in surpassing interest is the unfolding of the great Mormon Question and the mysteries of Polygamy which will be read with eager interest by all classes of people throughout the English speaking world. The work is published in one large handsome volume of over 800 pages, bound in red and gold, and grandly illustrated with steel-plate portraits of the great Mormon leaders, exquisite half-tone engravings, and dazzling colored plates. It is issued by the great Publishing House of the Pacific Coast, The History Company of San Francisco, and can only be procured through their authorized agents. We call attention to the advertisement in another column, under heading of \$25.00 Reward.

Put on the Brakes.

If you find you are going down hill in point of health, falling strength, impaired digestion and assimilation are the marks of decline. Check these and other indications of premature decay with the grand villager and restraining agent, Hostetter's Stomach Bitters. Beginning at the fountain head, the stomach, the bitters remedies its inefficiency, corrects its errors, and sets it vigorously at work. The digestive organs are thus enabled to thoroughly separate from the food its nutritive principles, which the blood assimilating, is enriched, and the system nourished, and being nourished, strengthened, and abnormal waste of its tissues stayed. Appetite the power to rest well, a regular habit are also established, and the various functions move once more in their natural and healthful groove. The bitters, moreover, is a specific for and preventive of malarial complaints, rheumatism, biliousness and kidney troubles.

Remarkable Rescue.

Mrs. Michael Curtin, Plattsburgh, N. Y., makes the statement that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her that she was a hopeless case and that she could not live. She then tried Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from the first dose. She continued its use and after taking ten bottles, found herself cured and well. She now does her own housework and is as well as ever was. From trial bottles of this great discovery at Ed. Wagner's Drug Store, large bottles \$1.50.

St. Jacobs Oil Cures

PROMPTLY AND PERFECTLY

BRUISES, SWELLINGS, CUTS, &c.

A bruise is a contusion; swellings are inflammations; cuts and wounds are also inflammations to natural action, through which the veins are closed, circulation impeded, congestion sets in and pain ensues. Nature's imperative is to get rid of the pain and inflammation. Swellings and cuts need a soothing influence, but cuts and wounds hardly any one would pour a liquid remedy into a gaping wound. So soon as nature brings the parts together, the best remedy is to soothe the inflamed tissues and remove the obstructions. St. Jacobs Oil does this. It soothes the inflamed tissues and removes the obstructions. It is the best remedy for cuts, bruises, swellings, and all skin eruptions. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Ed. Wagner, Druggist.

Nature's imperative is to get rid of the pain and inflammation. Swellings and cuts need a soothing influence, but cuts and wounds hardly any one would pour a liquid remedy into a gaping wound. So soon as nature brings the parts together, the best remedy is to soothe the inflamed tissues and remove the obstructions. St. Jacobs Oil does this. It soothes the inflamed tissues and removes the obstructions. It is the best remedy for cuts, bruises, swellings, and all skin eruptions. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Ed. Wagner, Druggist.

Happy Hooligans.

Wm. T. Johnson, Postmaster of Seattle, Ind., writes: "Electric Bitters has done more for me than all other medicines combined. It has settled my stomach, cured my liver and kidney troubles. I am now a healthy and vigorous man, and I can do anything I please. I am now a healthy and vigorous man, and I can do anything I please. DEATH.

CROOKS.—In Sonoma, September 21, 1890, to the wife of W. L. Crooks, a son.

NEW TO-DAY.

SCROFULA

In that impurity of the blood which produces unsightly lumps or swellings in the neck, which causes running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of stumps, cancerous growths, or "humors," which, fastening upon the lungs, causes consumption and death. It is the most ancient of all diseases, and very few persons are entirely free from it.

How Can It Be CURED?

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, has proven itself to be a potent and peculiar medicine for this disease. If you suffer from scrofula, try Hood's Sarsaparilla. Every spring my wife and children have been troubled with scrofula, my little boy, three years old, being a terrible sufferer. Last spring he was one mass of sores from head to foot. We all took Hood's Sarsaparilla, and all have been cured of the scrofula. My little boy is entirely free from sores, and all four of my children look bright and healthy. W. B. Atkinson, Passaic City, N. J.

Chas. Solomon, Republican candidate for County Clerk, was in town last Monday and Tuesday, making the acquaintance of our people. He appeared to create an extremely favorable impression. Mr. Solomon is spoken of very highly by our county exchanges and is quite popular in and around Sebastopol, where he has resided many years. His political card will be found in these columns.

Very Sad.
 It is reported that all the business houses of Boomtown will move into Sonoma on or about the 1st of October. These consist of a blacksmith shop, saloon and a newspaper plant. This must be gall and wormwood to the Boomers, who sought to kill old Sonoma that a new town might be built upon its ruins. The question that is now agitating many of our citizens is just how to transfer the thirty or forty unoccupied frame dwelling houses in the bustled town to Sonoma, where people can be found to inhabit them. Sonoma creek, which separates the two places, offers an impediment to their easy removal. We would suggest, however, that in order to surmount that obstacle that a derelict, block and tackle and the Busted Boom be utilized to swing the concerns over the creek.

For Roadmaster.
 Among the political cards which appear this week will be found the announcement of J. H. Madison, the Republican candidate for Roadmaster of Sonoma Township. Mr. Madison is a young man well and favorably known to the people of this valley. He is a farmer and resides near Agua Caliente. He received the nomination by acclamation and without seeking the same.

 The suit in ejectment brought by Mrs. R. J. Snyder against Perry Sears, to determine the ownership of 300 acres of land, known as the Sears ranch, was tried before Judge Dougherty on Thursday of last week. Convicted.
 Eugene Taussaint, charged with illegal fishing in Sonoma creek, was tried before Justice Cheney and a jury last Saturday. Some half dozen witnesses testified that they discovered the defendant fishing in the creek with a seine or dip net made out of mosquito netting and that he had in his possession a quantity of small trout. Taussaint admitted the former charge but denied that he had caught any fish. There was too many witnesses against him, however, and as he was unrepresented by counsel, there was nothing else for the jury to do but convict. Judge Cheney then sentenced him to pay a fine of \$100 or go to jail for 30 days, being the lowest sentence allowed by the statutes. The defendant paid his fine. In justice to Taussaint we will state that being a foreigner he was ignorant of our fish laws and had no idea that he was violating them. The jurors who tried the case were as follows: A. J. Hubert, Sol Carriger, D. Church, J. Dowdall, W. L. Copeland, M. Gough, F. Ehrlich and M. A. Harasethy.

 Last Monday night while one of our citizens was riding along a lonely road he discovered an object in his path and on riding up to it discovered a black and white animal with a bushy tail, and before he could retreat was shot at. The charge struck man and horse and being at close range both still retain the smell of the powder burns.
 Harry Weiss has gone to Santa Cruz and leaving his many friends in Sonoma county who wish him success in his new home. Harry is one of the most popular young men in Sonoma Valley. Remember your friends in old Sonoma, Harry. They are always ready and willing to extend the hand of friendship and to help you onward and upward.

The founders of this place tried to make it a religious as well as a temperance town, and after many sleepless nights and days of worry and scheming they have partly succeeded. Our citizens are now preparing to present a petition to have the name of the place changed. They have become so religious that nothing but a religious name will suit them. After searching the Bible from top to bottom they have settled on a Biblical name. The town will be known as Ananiasville. If you don't know who Ananias was read the Bible and find out.
